## **Tanzania E-visa Application**

While most of the application will be straight forward, there are some parts where you will need information from me. To simplify the process I have created this step-by-step guide to assist with completing the application.

**Before you begin**, please make sure to have the following ready, prepped and available for upload.

- Passport Photo (I have used my phone to take this just following image requirements)
- Photo of the ID page of your passport
- Flight/ticket (PDF)

### **INSTRUCTIONS**

I will not go through responses for all questions on the form as most will be your personal details and self-explanatory, so I am only providing responses for those that you may question what to put down.

2. Click green APPLY FOR A NEW VISA tab & begin the process (and receive an application ID number)
