### **Tanzania E-visa Application**

While most of the application will be straight forward, there are some parts where you will need information from me. To simplify the process I have created this step-by-step guide to assist with completing the application.

**NOTE:** it is absolutely critical that you have your Yellow fever vaccination and proof of Yellow fever card as proof of the vaccination, alternatively a Yellow Fever vaccination waiver from your physician (original copy please)

**Before you begin**, please make sure to have the following ready, prepped and available for upload.

- **Photo of the ID page of your passport:** your passport must be valid for at least 6 months from the date of your arrival in Kenya.
- **Passport Photo of you:** You can use your phone to take this image, just following image requirements
  - It must be taken in the last six months, so it shows your current appearance.
  - The photograph must show your whole face.
  - If you normally wear prescription glasses, a wig, or a hearing device and more, you may wear those in the photograph as well.
  - You should not wear a hat that hides your hair/hairline.
  - Dark glasses that are worn for aesthetic reasons are not allowed.
- **Flight ticket:** You must show proof of a booked return-flight ticket.
- **Proof of accommodation:** This includes hotel bookings or any other place where you plan to stay while you are in the country.
- **Travel itinerary:** This includes places you plan to visit as a tourist in Kenya
