
PASSPORT AND VISA INFORMATION

- Your passport needs to be valid for **at least six (6) months** after your journey ends, and should have a minimum of two (2) blank visa pages for entry and exit stamps.
- **An Electronic Visa (e-Visa) is required for U.S. and Canadian passport holders for entry into Uganda and must be obtained prior to departure.** To apply for an e-Visa, visit <https://visas.immigration.go.ug>.
- The current fee for a single-entry visa is USD \$51.50 (subject to change without notice.) A tourist visa is only valid for 90 days from the date of issuance, so do not apply for your Uganda visa more than 90 days prior to departure.
- During the application process you will be required to upload a copy of your International Certificate of Vaccination for yellow fever provided by your physician. The instructions indicate that this is a mandatory step in the visa application process, which it is, but in the case where you are not in a position to take the vaccination due to medical reason, this is where you would upload the waiver letter from your physician in place of an image of your vaccination card (refer to the **Vaccinations** section below for further specifics.)

Read and follow all instructions carefully to ensure a smooth arrival in Uganda. Once you receive your visa, please print out a color copy to immigration officials on arrival.

Citizens of other countries should contact the appropriate consular office for entry requirements pertaining to their journey.

Uganda Electronic Visa/Permit Application System

The Uganda Electronic Visa/Permit Application System performs checks against law enforcement databases. All travelers seeking admission to Uganda are required to obtain a Visa using this system prior to being granted boarding.

If your visa or permit application is approved, it establishes that you are eligible for the approved visa or permit, but does not establish that your application is definitely approved.

Upon arrival to Uganda (at the selected point of entry) or to the Immigration Office Headquarters, you will be inspected by an Immigration Officer who may determine if your application is finally approved. All information provided by you, or on your behalf by a designated third party, must be true and correct. A visa or permit application approval may be revoked at any time and for any reason, such as new information influencing eligibility. You may be subject to administrative or criminal penalties if you knowingly and willfully make a materially false, fictitious, or fraudulent statement or representation in an electronic visa or permit application submitted by you or on your behalf.
